ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in Para 2 (f) 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report to the members of the Company on the standalone financial statements for the year ended March 31, 2016.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of GODREJ & BOYCE MANUFACTURING COMPANY LIMITED ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

(a) ACCOUNTING CONVENTIONS:

The financial statements are prepared under the historical cost convention and on the 'going concern' basis, with revenues recognised and expenses accounted on their accrual in accordance with the generally accepted accounting principles, and are in compliance with the applicable Accounting Standards prescribed by the Central Government under section 133 and other relevant provisions of the Companies Act, 2013.

The financial statements are presented in Rupees in crore (ten million). Figures below Rs.50,000 are disclosed by '**'. Where changes in presentation are made, comparative figures for the previous year are restated/regrouped accordingly.

(b) USE OF ESTIMATES:

The presentation of financial statements in conformity with the generally accepted accounting principles requires estimates and assumptions to be made that affect the reported amount of assets and liabilities, revenues and expenses, and disclosure of contingent liabilities. Difference between the actual results and estimates are recognised in the period in which the results materialise/are known.

(c) FIXED ASSETS AND DEPRECIATION/AMORTISATION:

The Gross Block of fixed assets is shown at the original cost of acquisition or construction including taxes and duties (net of tax credits as applicable), interest on borrowings upto the period of time the asset is put to use, and other incidental expenses related to acquisition and installation of the concerned assets; capital grants relating to specific fixed assets are reduced from the gross value of the respective assets.

Transferable Development Rights (TDRs) obtained by the Company in respect of its freehold lands situated at Mumbai, are carried at cost by adjustments in the corresponding cost (book value) of lands, and are shown under Freehold Land.

Internally manufactured assets are capitalised at estimated cost consisting of direct material and direct labour costs, plus appropriate factory overheads.

The Company has followed the Straight Line method for charging depreciation on all items of Fixed Assets, at the rates specified in Schedule II to the Act; these rates are considered as the minimum rates. If management's estimate of the useful life of the fixed asset is shorter than that envisaged in Schedule II, depreciation is provided at a higher rate based on management's estimate of the useful life. Accordingly, in respect of the commercial construction projects, on some items of equipment at the project sites, depreciation is provided at a higher rate based on useful life of the assets estimated at 5 years, compared to 15 years specified in Schedule II. In respect of additions to/deductions from the assets, the depreciation on such assets is calculated on a pro rata basis from/upto the month of such addition/deduction. Assets costing less than Rs. 5,000 are fully depreciated in the year of purchase/acquisition. Leasehold Land and Buildings are amortised over the period of the lease. The cost of fixed assets not ready for their intended use at the balance sheet date is disclosed under capital work-in-progress. Intangible assets comprising of Technical Know-how and Trade Marks are amortised on straight-line basis at the rate of 16.67%; capitalised Computer Software costs relating to the ERP system, are amortised on straight line basis at the rate of 20%.

Profit or loss on sale, transfer or disposal of fixed assets is recognised in the year of such sale, transfer or disposal. Repairs, renewals, renovations and maintenance are charged to the Statement of Profit and Loss as incurred.

An impairment loss is recognised wherever the carrying value of the fixed assets of a cash-generating unit exceeds its market value or value in use, whichever is higher.

In respect of the Property Development Activity, consisting of construction projects promoted/developed on the Company's lands, the fair value of land/Transferable Development Rights (TDRs) forming part of the projects is transferred from Fixed Assets to Construction Work-in-Progress. The difference between the fair value of land/TDRs forming part of the projects and the cost (book value) of land/TDRs, pending completion of the projects, is credited to Construction Projects Reserve.

(d) FOREIGN CURRENCY TRANSACTIONS:

Foreign currency transactions are accounted for at exchange rates prevailing at the date of the transaction. Gains or losses, resulting from the settlement (actual realisation/payment) of such transactions and from the translation of monetary current assets and monetary liabilities denominated in foreign currencies into rupees at the year-end exchange rates, are recognised in the Statement of Profit and Loss. Non-monetary items like fixed assets, inventories and investments in equity shares, which are carried in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

The Company's forward exchange contracts are not held for trading or speculation; the discount or premium arising from the difference between the forward rate and the spot rate at the inception of such a contract is amortised as income or expense over the period of the contract. Any profit or loss arising on the cancellation or renewal of forward contracts is recognised in the Statement of Profit and Loss.

(e) INVESTMENTS:

Non-current (Long-term) Investments are stated at cost (unless otherwise stated); however, for any diminution other than temporary in the value of investments, the book value is reduced to recognise the decline. In cases where long-term investments are carried at their book values, which are higher than their fair values, the diminution in the value of such

investments is considered to be of a temporary nature, in view of the Company's long-term financial involvement in such investee companies. No provision is, therefore, considered necessary in the accounts for diminution in the value of such investments.

Readily realisable investments intended to be held for less than one year are classified as Current Investments, and are carried at the lower of their costs and fair values.

(f) INVENTORIES:

Trade Inventories:

Raw Materials, Loose Tools, Stores, Spares, etc. are valued at lower of weighted average cost and estimated net realisable value.

Work-in-Process (other than Construction Projects) is valued at lower of estimated cost (consisting of direct material and direct labour costs plus appropriate factory overheads) and estimated net realisable value.

Finished Goods are valued at lower of average cost and estimated net realisable value; cost includes purchase, conversion, appropriate factory overheads, any taxes or duties and other costs incurred for bringing the inventories to their present location and condition. Spares and Components for after-sales service are valued at lower of average cost and estimated net realisable value.

Obsolete and damaged inventories, and other anticipated losses are adequately provided for, wherever considered necessary.

Construction Projects:

In respect of the commercial construction projects promoted/developed on the Company's lands, Construction Work-in-Progress is valued at estimated cost consisting of the fair value of land (forming part of the project), development, construction and other related costs.

(g) INVESTMENT SUBSIDY:

Investment Subsidy under the Central/State investment incentive scheme is credited to Investment Subsidy Reserve and treated as a part of shareholders' funds.

(h) REVENUE RECOGNITION:

Sales comprise sale of goods and services to external customers and are accounted inclusive of excise duty but net of sales tax, returns, discounts, rebates and allowances. Revenue from sale of products is recognized when risk of loss, title and insurable risk have transferred to the customer, which in most cases, coincides with delivery of products and rendering of related services. Revenue from service transactions is recognised as per agreements/arrangements with the customer when the related services are rendered/provided.

Revenues arising out of the Company's Property Development Activity are recognised and shown under Sales, by reference to the stage of completion under the percentage of completion method.

Revenue from fixed-price construction contracts is recognised under the percentage of completion method.

Export entitlements are recognised in the Statement of Profit and Loss when the right to receive credit as per the terms of the entitlement is established in respect of the exports made.

(i) LEASES (WHERE THE COMPANY IS THE LESSOR):

In its Estate Leasing operations, the assets subject to operating leases are included in fixed assets. Lease income is recognised in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation, are recognized as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

(j) RESEARCH AND DEVELOPMENT EXPENSES:

Revenue expenditure pertaining to research and development is charged to Statement of Profit and Loss under the natural head of expense. Capital expenditure on research and development is shown as addition to Fixed Assets, and depreciation is provided on such assets as applicable.

(k) EMPLOYEE BENEFITS:

(i) Short-term Employee Benefits: (payable wholly within twelve months of rendering the service)

Short-term benefits such as salaries, wages, etc., are determined on an undiscounted basis and recognized in the period in which the employee renders the related service.

(ii) Post-employment Benefits:

Defined Contribution Plans: The Company's contributions paid/payable to Managerial Superannuation Fund, Employees' State Insurance Scheme, Employees' Pension Schemes, 1995 and other funds, are determined under the relevant approved schemes and/or statutes, and are recognised as expense in the Statement of Profit and Loss during the period in which the employee renders the related service. There are no further obligations other than the contributions payable to the approved trusts/appropriate authorities.

Defined Benefit Plans: The Company's Provident Fund and Gratuity are defined benefit plans. The Company's liability for the defined benefit schemes is actuarially determined by an independent actuary based on the projected unit credit method. The Company's net obligation in respect of such plans is calculated by estimating the amount of future benefit that employees have earned in return for their services in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of the plan asset is deducted. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

However, the Rules of the Company's Provident Fund (PF) administered by an approved Trust, require that if the Board of Trustees is unable to pay interest at the rate declared for the Employees' Provident Fund by the Government under para 60 of the Employees' Provident Fund Scheme, 1952, for the reason that the return on investment is less or for

any other reason, then the deficiency shall be made good by the Company.

Other Employee Benefits include leave encashment/long-term compensated absences schemes.

(l) **PRODUCT WARRANTY EXPENSES UNDER FREE SERVICE WARRANTY OBLIGATIONS:**

In respect of products sold by the Company, which carry a specified warranty, future costs that will be incurred by the Company in carrying out its contractual warranty obligations are estimated and accounted for on accrual basis.

(m) **EXCISE DUTY:**

Excise Duty paid on goods manufactured by the Company is accounted for at the time of despatch of goods from the factories.

Excise Duty payable on goods manufactured is accrued for stocks held in factories at the year-end. Excise Duty paid/payable on goods manufactured by the Company and remaining in stock, is included in the value of Finished Goods. Excise Duty related to the difference between the closing stock and opening stock of Finished Goods is recognized separately in the Statement of Profit and Loss in the note on Increase/Decrease in Finished Goods, Work-in-Process and Stock-in-Trade.

(n) **BORROWING COSTS:**

Borrowing costs which are attributable to the acquisition, construction or production of an asset that necessarily takes substantial period of time to get ready for its intended use, upto the time the said asset is put to use, are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

(o) **TAXES ON INCOME:**

Current tax is the amount of tax payable for the year, determined under the provisions of the tax laws. Deferred tax is recognised, subject to the consideration of prudence, on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred Tax assets are not recognised on unabsorbed depreciation and carry forward of losses unless there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. The carrying amount of Deferred tax assets/liabilities are reviewed at each balance sheet date. The tax effect is calculated on the accumulated timing difference at the year-end, based on the tax rates and laws enacted or substantially enacted on the balance sheet date.

Minimum Alternate Tax (MAT) Credit Entitlement is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period in which such credit can be carried forward for set-off. The carrying amount of MAT Credit Entitlement is reviewed at each balance sheet date.

(p) **PROPOSED DIVIDEND:**

Proposed Dividend, if any, subject to shareholders' approval at the Annual General Meeting, is provided in the books.

(q) **PROVISIONS AND CONTINGENT LIABILITIES:**

A provision is recognised only when there is a present obligation as a result of a past event that probably requires an outflow of resources to settle the obligation and in respect of which a reliable estimate can be made. Provision is not discounted to its present value and is determined based on the best estimate required to settle the obligation at the balance sheet date. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions and Contingent Liabilities are reviewed at each balance sheet date.

(r) **EARNINGS PER SHARE:**

Basic and diluted earnings per share are computed by dividing the net profit after taxes attributable to equity shareholders for the year, with the weighted number of equity shares outstanding during the year.

(a) Identification of Business Segments

The Accounting Standard 17 (AS-17) on "Segment Reporting" requires disclosure of segment information to facilitate better understanding of the performance of an enterprise's business operations. The Company has identified Business Segments to comply with the primary-segment disclosures as per AS-17, considering the organization structure, internal financial reporting system, and the risk-return profiles of the businesses. The Company's organisation structure and management processes are designated to support effective management of multiple businesses while retaining focus on each one of them.

The Consumer Durables segment includes Furniture and Interiors Office Equipment, Home Appliances, Locks and Security Equipment. The Industrial Products segment includes Process Plant and Equipment, Toolings, Special Purpose Machines, Precision Components/ Engineering, Electricals and Electronics, Electric Motors, Storage Solutions and Material Handling Equipment. Estate leasing, Property Development and Ready-mix Concrete operations are included under Other operations.

The Company's exports constitute less than 10% of its total revenue. All of the Company's manufacturing operations are conducted in India. The commercial risks and returns involved on the basis of geographic segmentation are relatively insignificant. Accordingly, secondary-segment disclosures based on geographic segments are not considered relevant.

(b) Segment Revenue, Results, Assets and Liabilities

Segment revenue and results are arrived at based on amounts identifiable to each of the segments. Inter-segment transfers are valued at cost or market-based prices, as may be negotiated between the segments with an overall optimization objective for the Company. Other unallocated expenses include corporate expenses, as well as expenses incurred on common shared-services provided to the segments. Segment assets include all operating assets used by the business segment and consist mainly of net fixed assets, debtors and inventories. Segment liabilities primarily include creditors and advances from customers. Unallocated assets mainly relate to the factory, administrative, employee welfare, and marketing infrastructure at Vikhroli, Mumbai and at up-country establishments, not directly identifiable to any business segment. Liabilities which have not been identified between the segments are shown as unallocated liabilities.

Emphasis of matter

We draw attention to the following matters in the Notes to the consolidated financial statements:

- a. Sub-note (b) of Note 1A: Accounting Standard 21 requires the computation of goodwill arising on consolidation of equity investments in subsidiaries by comparing the cost of investment in the concerned subsidiary with the share in the net worth on the date of investment. The initial investment in certain subsidiaries were made as early as 1970. Considering the unavailability of the data for computing the net worth of certain subsidiaries prior to April 1, 2001 together with de-merger of Godrej Soaps on April 1, 2001 and with a view to maintain consistency in computation of Goodwill, April 1, 2001 has been considered as the date of investment. In the opinion of the Management any Goodwill / Capital Reserve that may have arisen prior to April 1, 2001 is not likely to be material.

- b. Sub-note (3) of Note 3: Reserves and Surplus, regarding the Scheme of Arrangement whereby the Seeds business of Godrej Seeds and Genetics Limited (Transferor Company) merged into Godrej Agrovet Limited (Transferee Company) with effect from April 1, 2015, vide Order of the Court dated January 8, 2016.

In accordance with the Scheme:

(i) The excess of the face value of the preference shares held by the Transferee Company over the book value of the net assets of the Transferor Company taken over, along with face value of preference shares issued on account of amalgamation, amounting to Rs. 16.94 crore has been debited to Surplus as per the Scheme.

(ii) The cost and expenses arising out of or incurred in carrying out and implementing the Scheme amounting to Rs. 0.19 crore, have been directly charged to Surplus of the Transferee Company.

Had the Scheme not prescribed the above treatment, the Surplus would have been higher by Rs. 15.25 crore, the Goodwill would have been higher by Rs. 15.25 crore and profit of the year would have been lower by Rs. 1.89 crore.

- c. Sub-note (4) of Note 3: Reserves and Surplus, regarding the Scheme of Amalgamation between Goldmuhor Agrochem & Feeds Limited (Transferor Company) with Godrej Agrovet Limited (Transferee Company), whereby the assets and liabilities of the Transferor Company have been taken over by the Transferee Company with effect from October 1, 2013.

In accordance with the Scheme:

(i) The excess of face value of the shares held by the Transferee Company over book value of the net assets of the Transferor Company taken over, amounting to Rs. 0.71 crore on account of Goodwill on Merger has been debited to the General Reserve of the Transferee Company instead of amortising the same in the Statement of Profit and Loss over a period of ten years.

(ii) The cost and expenses arising out of or incurred in carrying out and implementing the Scheme amounting to Rs. 0.41 crore have been directly charged against the balance in General Reserve of the Transferee Company.

(iii) An amount of Rs. 20.00 crore has been transferred from the General Reserve of the Transferee Company and has been utilised to increase the Reserve for Employee Compensation Expenses of the Transferee Company.

Had the Scheme not prescribed the above treatment, the balance in General Reserve would have been higher by Rs. 21.12 crore, Goodwill would have been higher by Rs. 0.53 crore, the Reserve for Employee Compensation Expense Account would have been lower by Rs. 20.00 crore and the profit for the year would have been lower by Rs. 0.07 crore.

- d. Sub-note (5) of Note 3: Reserves and Surplus, regarding the Scheme of Amalgamation for the amalgamation of Golden Feed Products Limited (Transferor Company), with Godrej Agrovet Limited (Transferee Company), whereby the assets and liabilities of the Transferor Company have been taken over by the Transferee Company with effect from March 31, 2014.

In accordance with the Scheme:

(i) The excess of face value of the shares held by the Transferee Company over book value of the net assets of the Transferor Company taken over, amounting to Rs. 0.97 crore has been debited to Surplus instead of amortising the same in the Statement of Profit and Loss over a period of ten years.

(ii) An amount of Rs. 35.06 crore standing to the credit of Surplus of the Transferee Company has been utilised to restate / revise the value of certain assets of the Transferee Company.

(iii) The cost and expenses arising out of or incurred in carrying out and implementing the Scheme amounting to Rs. 0.14 crore have been directly charged against Surplus of the Transferee Company.

Had the Scheme not prescribed the above treatment, the Surplus would have been higher by Rs. 36.16 crore, the Goodwill would have been higher by Rs. 0.78 crore and profit of the year would have been lower by Rs. 0.10 crore.

- e. Sub-note (6) of Note 3: Reserves and Surplus, regarding the Scheme of Amalgamation whereby the assets and liabilities of certain subsidiary companies viz. Godrej Gokarna Oil Palm Ltd. (GGOPL), Godrej Oil Palm Ltd (GOPL) and Cauvery Palm Oil Ltd. (CPOL), (Transferor Companies), have been taken over by Godrej Agrovet Limited (Transferee Company) with effect from April 1, 2011.

In accordance with the Scheme:

(i) Amortisation of Intangible Assets of the Transferor Companies amounting to Rs. 4.25 crore in the current year and Rs. 17.00 crore in the previous years recorded in the books of the Transferee Company are charged against the balance in the General Reserve Account of the Transferee Company.

(ii) An amount of Rs. 60.55 crore on account of Goodwill on Merger has been charged to the Securities Premium Account instead of amortising the same in the Statement of Profit and Loss over a period of ten years.

Had the Scheme not prescribed the above treatment, the Goodwill would have been higher by Rs. 30.28 crore, the balance in the Securities Premium Account would have been higher by Rs. 60.55 crore, the balance in General Reserve would have been higher by Rs. 21.26 crore, the opening balance in Surplus would have been lower by Rs. 41.23 crore and the profit for the year would have been lower by Rs. 10.31 crore.

- f. Sub-note (7) of Note 3: Reserves and Surplus, regarding the Scheme of Amalgamation of Godrej Gold Coin Aquafeed Ltd. (Transferor Company), with Godrej Agrovet Limited (Transferee Company) whereby the assets and liabilities of the Transferor Company have been taken over by the Transferee Company with effect from April 1, 2010.

In accordance with the Scheme, an amount of Rs. 16.69 crore on account of the book value of the intangible assets and an amount of Rs. 25.06 crore on account of Goodwill on Merger, aggregating to Rs. 41.75 crore, has been charged to the Securities Premium Account instead of amortising the same in the Statement of Profit and Loss, in case of intangibles over a period of balance useful life of seven years and in the case of Goodwill over a period of ten years.

Had the Scheme not prescribed this treatment, the balance in Securities Premium Account would have been higher by Rs. 41.75 crore, Intangibles would have been higher by Rs. 1.57 crore, Goodwill would have been higher by Rs. 10.02 crore, the opening balance in Surplus would have been lower by 25.13 crore and the profit for the year would have been lower by Rs. 5.03 crore.

- g. Sub-note (8) of Note 3: Reserves and Surplus, regarding the Scheme for the Reduction of Capital (Securities Premium Account) by a Subsidiary Company, in accordance with which an amount of Rs. 110.04 crores has been transferred from the Securities Premium Account and has been utilised to create the Reserve for Employee Compensation Expenses of which Rs. 11.35 crore for Employee Compensation Expenses incurred during the year and Rs. 94.74 crore for previous years has been adjusted.

Had the Scheme not prescribed the above treatment, the Employee Benefit Expenses would have been higher by Rs. 11.35 crore, the profit for the year would have been lower by Rs. 11.35 crore, the Opening Balance in the Surplus would have been lower by Rs. 94.74 crore, the Reserve for Employee Compensation Expenses would have been lower by Rs. 3.96 crore and the Securities Premium Account would have been higher by Rs. 110.04 crore.

- h. Sub-note (9) of Note 3: Reserves and Surplus, regarding the Scheme of Amalgamation of Godrej Premium Builders Private Limited with Godrej Projects Development Private Limited. The Appointed date for the Amalgamation is April 1, 2015 and the Effective Date is August 21, 2015.

In accordance with the Scheme:

i) An amount of Rs. 53.28 crore on account of Goodwill on Amalgamation has been adjusted against the Surplus instead of amortising the same in the Statement of Profit and Loss over a period of five years.

ii) The cost and expenses incurred in carrying out and implementing the Scheme amounting to Rs. 0.22 crore have been adjusted against the Surplus.

iii) 25,500, 7% Redeemable Non-cumulative preference shares having a face value of Rs. 10 of the Transferee Company have been issued in lieu of 25,500 equity shares having a face value of Rs. 10 of the Transferor Company held by members other than the Transferee Company.

Had this amount been charged to the Statement of Profit and Loss, the profit for the year would have been lower by Rs. 10.88 crore, the Goodwill would have been higher by Rs. 42.62 crore (net written down value), Surplus would have been higher by Rs. 42.62 crore.

The above treatment prescribed under the respective Court Schemes differs from the treatment prescribed under the Accounting Standards according to which, the said amounts should have been debited to Goodwill, Intangibles or the Statement of Profit and Loss, as the case may be. Had the Schemes not prescribed this accounting treatment, the Company's share in the profit for the year ended March 31, 2016, would have been lower by Rs. 23.72 crore, the Surplus would have been lower by Rs. 42.25 crore, Employee Compensation Reserve would have been lower by Rs. 14.57 crore, General Reserve would have been higher by Rs. 25.77 crore, the Securities Premium would have been higher by Rs. 129.12 crore, Goodwill would have been higher by Rs. 59.03 crore, and Intangibles would have been higher by Rs. 0.95 crore.

- i. Sub-note (1b) of Note 39: Employee Stock Benefit Plans, where a subsidiary has instituted an Employee Stock Option Plan for the benefit of its eligible employees which is administered by independent trust. The ESOP Trust has been advanced loans which along with interest thereon and net of provision of Rs. 5.89 crore, amounts to Rs. 38.02 crore. As at March 31, 2016, the market value of the equity shares of the subsidiary Company held by the ESOP Trust is lower than the holding cost (cost or market value whichever is lower) of these equity shares by Rs. 8.81 crore, (net of provision of Rs. 5.89 crore). The repayment of the loans granted to the ESOP Trust and interest payable by the Trust on the said loan is dependent on the exercise of options by the employees during the exercise period and / or the market price of the underlying equity shares of the unexercised options at the end of the exercise period. In the opinion of the Management, the fall in the value of the underlying equity shares is on account of market volatility and the loss, if any, can be determined only at the end of the exercise period. In view of which, provision for diminution is not considered necessary in the financial statements.
- j. Note 12(xiii) to the Consolidated Financial Statements regarding the Scheme of Amalgamation of the erstwhile Godrej Household Products Limited with the Company approved by The Hon'ble High Court of Judicature at Bombay, whereby an amount of Rs. 52.75 crore, for the year ended on March 31, 2016, equivalent to the amortization of the Goodknight and Hit Brands is directly debited to the General Reserve Account instead of debiting the same to the Statement of Profit and Loss as per the provisions of AS 26. The said accounting treatment is in accordance with the accounting treatment prescribed in the Order of the High Court of Mumbai dated February 28, 2011 under section 394 of the Companies Act, 1956.

ANNEXURE TO THE INDEPENDENT AUDITORS' REPORT

Referred to in Para 1 (f) 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report to the members of the Company on the consolidated financial statements for the year ended March 31, 2016.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statement of the Company as of and for March 31, 2016, we have audited the internal financial controls over financial reporting of GODREJ & BOYCE MANUFACTURING COMPANY LIMITED (hereinafter referred to as "the Holding Company") and its subsidiary companies, its associate companies and jointly controlled companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies, its associate companies and jointly controlled companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies, its associate companies and jointly controlled companies, which are companies incorporated in India, have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the holding company, its subsidiary companies, its associate companies and jointly controlled companies, which are companies incorporated in India, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to ten subsidiary companies, two associate companies and two jointly controlled companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. A. PRINCIPLES OF CONSOLIDATION:

- (a) The consolidated financial statements relate to Godrej and Boyce Manufacturing Company Limited, the Holding Company, its majority owned subsidiaries, Joint Ventures and Associates (collectively referred to as the Group). The consolidation of accounts of the Company with its subsidiaries has been prepared in accordance with Accounting Standard (AS) 21 'Consolidated Financial Statements'. The financial statements of the parent and its subsidiaries are combined on a line by line basis and intra group balances, intra group transactions and unrealized profits or losses are fully eliminated.
- (b) In the consolidated financial statements, 'Goodwill' represents the excess of the cost to the Company of its investment in the subsidiaries and/or joint ventures over its share of equity, at the respective dates on which the investments are made. Alternatively, where the share of equity as on the date of investment is in excess of cost of investment, it is recognised as 'Capital Reserve' in the consolidated financial statements.
- According to the information available, the investments in subsidiaries were mainly made as early as 1970s. Considering the unavailability of the data for these periods together with de-merger of Godrej Soaps on 01-April-2001 and with a view to maintain consistency in computation of Goodwill, 01-April-2001 has been considered as the starting point.
- Minority interest in net income of the consolidated subsidiaries is adjusted against the income of the group in order to arrive at the net income attributable to shareholder's of the company. Minority interest in the net assets of consolidated subsidiaries consists of the amount of equity attributable to the minority shareholders at the respective dates on which investments are made by the Company in the subsidiary companies and further movements in their share in the equity, subsequent to the dates of investment as stated above.
- (c) Investments in Joint Ventures are dealt with in accordance with Accounting Standard (AS) 27 'Financial Reporting of Interests in Joint Ventures'. The Company's interest in jointly controlled entities are reported using proportionate consolidation, whereby the Company's share of jointly controlled assets and liabilities and the share of income and expenses of the jointly controlled entities are reported as separate line items.
- (d) Investments in Associates are dealt with in accordance with Accounting Standard (AS) 23 'Accounting for Investments in Associates in Consolidated Financial Statements'. Effect has been given to the carrying amount of investments in associates using the 'Equity method'. The Company's share of the post acquisition profits or losses is included in the carrying cost of investments.
- (e) The financial statements of the subsidiaries, joint ventures and associates used in the consolidation are drawn upto the same reporting date as of the Company i.e. year ended March 31, 2016, except for foreign subsidiaries, where the reporting date is December 31, 2015.
- (f) This being the first year for consolidation for the Parent Company, the opening balances of the previous year is based on the financial statements of the parent and its subsidiaries combined on a line by line basis by adding together like items of assets, liabilities, income and expenses and all consolidation adjustments are disclosed as adjustment made during the previous year.
- (g) The accounts of Godrej Infotech (America), LVD Infotech, G&B Enterprises LLP, Veromatic International BV have not been audited for the year ended March 31, 2016 as of the Balance Sheet date and have been consolidated on the basis of the accounts as certified by their respective Management.

(c) FIXED ASSETS AND DEPRECIATION/AMORTISATION:

The Gross Block of fixed assets is shown at the original cost of acquisition or construction including taxes and duties (net of tax credits as applicable), interest on borrowings upto the period of time the asset is put to use, and other incidental expenses related to

The Company has followed the Straight Line method for charging depreciation on all items of Fixed Assets, at the rates specified in Schedule II to the Act; these rates are considered as the minimum rates, except in some subsidiary companies, where depreciation has been provided on the written down value method. The impact of the differing method of depreciation has not been ascertained but it is not likely to be material. If management's estimate of the useful life of the fixed asset is shorter than that envisaged in Schedule II, depreciation is provided at a higher rate based on management's estimate of the useful life. Accordingly, in respect of the commercial construction projects departmentally promoted/ developed by the Company, on some items of equipment at the project sites, depreciation is provided at a higher rate based on useful life of the assets estimated at 5 years, compared to 15 years specified in Schedule II. In respect of additions to/deductions from the assets, the depreciation on such assets is calculated on a pro rata basis from/upto the month of such addition/deduction. Assets costing less than Rs. 5,000 are fully depreciated in the year of purchase/acquisition. Leasehold Land and Buildings are amortised over the period of the lease. The cost of fixed assets not ready for their intended use at the balance sheet date is disclosed under capital work-in-progress.

Repairs, renewals, renovations and maintenance are charged to the Statement of Profit and Loss as incurred.

An impairment loss is recognised wherever the carrying value of the fixed assets of a cash-generating unit exceeds its market value or value in use, whichever is higher.

In respect of the Property Development Activity, consisting of construction projects promoted/developed on the Company's lands the fair value of land/Transferable Development Rights (TDRs) forming part of the projects is transferred from Fixed Assets to Construction Work-in-Progress. The difference between the fair value of land/TDRs forming part of the projects and the cost (book value) of land/TDRs, pending completion of the projects, is credited to Construction Projects Reserve.

In cases where long-term investments are carried at their book values, which are higher than their fair values, the diminution in the value of such investments is considered to be of a temporary nature, in view of the Company's long-term financial involvement in such investee companies. No provision is, therefore, considered necessary in the accounts for diminution in the value of such investments.

Notes:

- 1 A subsidiary of the Company had advanced an amount of Rs. 10.33 crore to certain individuals who also pledged certain equity shares as security against the said advance. The Company has enforced its security and lodged the shares for transfer in its name. The said transfer application was rejected and Company has preferred an appeal to the Company Law Board (CLB). The CLB rejected the application and advised the parties to approach the High Court. The Company had filed an appeal before the Hon'ble High Court against the order of the Company Law Board under section 10 F of the Companies Act, which is disposed of with the direction to keep the transfer of shares in abeyance till the arbitration proceedings between the parties are on. The Hon'ble Bombay High Court passed an interim order dated September 18, 2012, restraining the Company from interalia, dealing, selling or creating third party rights, etc. in the pledged shares and referred the matter to arbitration. The Company had filed a Special Leave Petition (SLP) before the Supreme Court against this interim order of the Bombay High Court which the Supreme Court has dismissed and the matter is presently before the Arbitrator.

The Management is confident of recovery of this amount as underlying value of the said shares is substantially greater than the amount of loan and interest thereon. However, on a conservative basis, the subsidiary has provided for the entire amount of Rs. 10.33 crore in the books of account.

- 2 Secured Deposits - Projects are secured against Terms of Development Agreement.

The repayment of the loans granted by the Company to ESOP trust is dependent on the exercise of the options by the employees and the market price of the underlying shares of the unexercised options at the end of the exercise period.

(iii) Employee Stock Option Plans of Godrej Agrovet Limited

Godrej Agrovet Limited (GAVL) has provided loan to Godrej Industries Limited Employee Stock Option Scheme (GIL ESOP), which is administered by an independent ESOP Trust which purchases shares of GIL from the market equivalent to the number of stock options granted from time to time to eligible employees. The repayment of the loans granted to the ESOP trust is dependent on the exercise of the options by the employees and the market price of the underlying shares of the unexercised options at the end of the exercise period. The change in value of the underlying equity shares is on account of current market volatility and the profit/loss, if any, can be determined only at the end of the exercise period. In view of the aforesaid, a provision is being carried in respect of diminution of Share Value for Rs. 20.83 crore (previous year Rs. 20.83 crore).

Godrej Agrovet Limited (GAVL) has participated in the Godrej Industries Limited Employee Stock Grant Scheme 2011 and on May 30, 2011 the Compensation Committee of the GAVL has approved the grant of stocks to certain eligible employees in terms of the Employee Stock Grant Scheme 2011. The grants would vest in three equal parts every year over the next three years. The exercise price is Re. 1 per equity share as provided in the scheme. GAVL has provided Rs. 1.87 crore (previous year Rs. 1.35 crore) for the aforesaid eligible employees for the current financial year.

In December 2012, Godrej Agrovet Limited (GAVL) instituted an Employee Stock Option Plan (GAVL ESOP) as approved by GAVL's Board of Directors and the Shareholders, for the allotment of 5,86,764 options convertible into 5,86,764 equity shares of GAVL of Rs. 10 each to eligible employees of the Subsidiary Company.

The scheme is administered by an independent ESOP Trust created. GAVL has issued 586,764 equity shares to the said ESOP Trust at face value of Rs. 10 each amounting to Rs. 0.59 crore adjusted against Equity Share Capital.

	Current Year		Previous Year

Options Outstanding at the Year End	4,231,348	10	4,107,348	10

The overall weighted average balance life of options outstanding as on March 31, 2016 is 1.79 years.

The employee share based payment plans has been accounted based on the fair value method at a Fair Value of Rs. 309.20 per share after issuance of Bonus Shares, amounting to Rs. 126.41 crore for Securities Premium receivable from the Company's ESOP Trust, which is accordingly adjusted against Securities Premium Account.

- b. One of the Subsidiary Companies of the Company has initiated an Employee Stock Option Plan for the benefit of eligible employees. The Scheme is administered by an independent trust created with ILFS Trust Company Ltd. The ESOP Trust has been advanced loans, which along with interest thereon and net of provision of Rs. 5.89 crore, amounts to Rs. 38.02 crore. As at March 31, 2016, the market value of the equity shares of the Subsidiary Company held by the ESOP Trust is lower than the holding cost (cost or market value whichever is lower) of these equity shares by Rs. 8.81 crore, (net of provision of Rs. 5.89 crore). The repayment of the loans granted to the ESOP Trust and interest payable by the Trust on the said loan is dependent on the exercise of options by the employees during the exercise period and / or the market price of the underlying equity shares of the unexercised options at the end of the exercise period. In the opinion of the Management, the fall in the value of the underlying equity shares is on account of market volatility and the loss, if any, can be determined only at the end of the exercise period.
